OUTING OF THE BREWERY WORKERS

One of the biggest events of the summer season and one that is always looked forward to with much pleasure, will be the annual outing of the Local Brewery Workers' union, which will be given at the Hermitage next Wednesday. S. M. Moore, chairman of the committee, says that an effort is being made by his assistants and the local union to make the 1913 outing eclipse all previous ones and in addition to extending an invitation to all their friends to participate with them, promises a most enjoyable day and evening. For those who cannot attend during the day, a grand ball has been arranged.

WHITMAN WILL ACCEPT FUSION

New York, Aug. 9.—Following the announcement of District Attorney Charles S. Whitman that he would accept the fusion nomination for the office he now holds, it was made clear today that the support of the Republican organization leaders will be thrown to the entire fusion ticket, headed by John Purroy Mitchell for mayor in the coming city election. Samuel S. Koenig, Republican county chairman, bore formal assurances of this support to Mr. Mitchell. There has been doubt as to the attitude of the Republican organization owing to dissatisfaction in some quarters owing to the fact that Mr. Whitman was not nominated for mayor. When the Republican city committee meets August 19 to make designations for the ticket, it is now predicted, the fusion candidates will be formally endorsed.

POPULATION OF OGDEN IS ON INCREASE

School census returns from four wards and an estimate from the fifth indicate that the school population of Ogden has increased 260 in the last year. There is not a ward that does not show an increase. Even the Second ward, in which many of the shopmen lived before the strike, showed an increase of 11.

The returns from the Fourth ward are not in but the enumerator has estimated that there will be an increase of 65. With an increase of 94 school children, the First ward takes the lead over the Fifth. Hitherto the Fifth ward has shown the greater increase and has also been the district of the most school children. The returns now disclose that there are 1831 in the Fifth, while the First has a population of 1846 school children.

John A. Junk, who canvassed the First ward, declares that the number of new families who have moved into that district is surprising. W. L. Underwood, who had the Second ward, the railroad residence district, stated that one-third of the families who were residing there a year ago have moved either to some other part of the city or from Ogden. Those who knew the conditions in that district were surprised that the census showed an increase of 11 children.

CONFERENCE TO BE IN TWO DIVISIONS ROAD BUILDING IN THE COUNTY

Because of the remodeling of the Tabernacle, the quarterly conference of the Ogden stake will be held tomorrow in two divisions. One division, comprising the wards of Huntsville, Middleton, Eden and Liberty, will hold conference at the Huntsville meeting house. The other wards, consisting of the Fourth, Sixth, Seventh and Eighth and the Pleasant View and North Ogden wards will meet at the North Ogden meeting house. Sessions will be held at 10 a. m. and 2 p. m. and in the evening. The principal speakers will be Apostles D. O. McKay and Joseph F. Smith, Jr. Apostle McKay will attend the North Ogden meeting in the morning and will go from there to Huntsville in an automobile where he will address the meeting in the afternoon and evening. Apostle Smith will be in Huntsville in the morning and at North Ogden in the afternoon and evening. Music will be furnished by the choirs of the meeting houses where the conferences are held. Many stake workers will be taken to Huntsville in autos, leaving the Sixth ward at 8.30 a. m. Other stake workers will attend the meetings at North Ogden. Special arrangements have been made with the Ogden Rapid Transit company for cars to leave the city at convenient periods to take the people from the city wards to North Ogden.

COOKS & WAITERS WIN THE GAME

The cooks and waiters baseball team defeated the Ogden switchmen yesterday afternoon at the Fair Grounds by a score of 19 to 4 in 7 innings. This makes a game each and the rubber game is to be played in the near future.

It is said that if the waiters would play ball as they did today and refrain from throwing the ball away, that they would have a fast little team.

ROAD BUILDING IN THE COUNTY

It is expected that by the first of next week the macadam road building force will be placed on the Garland road before completing the road in Kanesville. This will be done to expedite the construction of the Garland road. It is said that if the work is not done at this time at Garland, the sugar beet harvest will so interfere that the road can not be made this year. At the time of beet hauling, the railroad companies have occasion to use all their available track-aid at sidings which makes it next to impossible for the road builders to sidetrack crushed rock for use on the roads. The Kanesville road will be completed as soon as the work at Garland is over. Other road building to be done this season will be at Riverdale and Huntsville, where the roads will be macadamized and put in the best of condition. In both of these places the work will be done on the state roads, the one at Huntsville leading to Rich county and the one at Riverdale extending across Weber county to Box Elder. Grading for the North Ogden-Pleasant View cutoff will be finished within ten days, but the road will not be surfaced with macadam until it has been used sufficiently to settle the loose earth. When macadamized, this particular piece of road will be among the best on the highway between Davis and Box Elder counties.

AMERICA AWAITS MEXICAN ACTION

(Continued from Page One.) Will Meet With President. Washington, Aug. 9.—President Wilson will meet the entire foreign relations committee at the White House tonight for a conference on the Mexican situation. The entire membership of ten Democrats and seven Republicans was asked to be present. The foreign relations committee today received the president's invitation to the conference. So far as was known the purpose of the meeting was not conveyed. Some Republican senators, however, have assailed the president's course in not taking the committee into full confidence. Some senators have recently declared in the senate chamber that news dispatches were their only source of information on the Mexican situation. President Wilson has felt that speeches in the senate and the introduction of resolutions were not helping the situation and very recently expressed the view that certain Republicans were making the situation one difficult to handle peacefully. The conference tonight, which will be the president's first meeting with the committee, is expected to develop full information of the situation and may possibly disclose to the senators the exact terms of the proposals for peace President Wilson is sending to the Huerta government through Envoy Lueders.

KNIGHTS ARE TO LEAVE ON SUNDAY

When the finely equipped special train, bearing the Utah Knights Templar leaves Ogden about 5 o'clock tomorrow afternoon for Denver, where the thirty-second triennial convocation will be held during the coming week, Ogden will be well represented by at least 30 persons, including the Knights and their wives and families. The entire standard sleeper will be used by Ogden people, and in addition berths have been reserved in the sleepers from Salt Lake and also in the additional sleeper that will be added to the train at Echo where the Knights from Park City will join the party. Mr. and Mrs. W. E. March arrived in Ogden from Carlin today to join the Ogden party. To get here on time, they were compelled to ride in a stage for 39 miles over the hot sands. H. C. Tavey will attend the convocation. He is in Chicago now but will join the party in Denver. When the Utah people arrive in Denver they will go at once to the hotel reserved for them near the convocation headquarters. They will be in ample time for the big parade which will take place at 10 a. m. Tuesday. While the entire week is to be known as convocation week, the official meeting dates are August 12, 13, 14 and 15. The Union Pacific was selected as the official route to Denver but the Knights may return by either the Rio Grande. Many will remain in Colorado for a time, visiting the scenic points and some among whom is J. M. Forristal, will continue to the east. The special train upon which the Utah Knights will leave will be electric lighted and will consist of one dynamo baggage car, one diner, one composite observation car, three sleepers from Salt Lake, one from Ogden and one from Park City. It is expected that the entire Utah party will number 100. The following are those who will leave Ogden: Angus Kennedy and wife, C. H. Funk, J. M. Forristal, C. C. Heath and wife, James Robertson and wife, Dr. F. Parker and wife and daughter, Mabel, Mr. and Mrs. W. E. March of Carlin, G. H. Holmgren and wife, J.

CONTRACT WAS BUT AN OPTION

In the case of the Utah Light & Railway company against the Ogden Medicinal Springs the defendant has answered the complaint by stating that, under the contract for the purchase of certain lands situated at the mouth of Ogden canyon the defendant company has the option of either purchasing or not purchasing the property.

The suit was instituted to compel the defendant company to pay \$12,000 for the property in question, alleging a contract entered into by the parties to buy at that price. The property in question has been transferred a number of times, having originally been owned by the predecessors of the plaintiff company, known as the Utah Power & Light company.

The spacious lawn at the home of Mrs. Hattie Jackson, No. 3024 Adams avenue, was utilized last night for a social and dancing party, which was given under the auspices of the parents' class of the Ninth ward Sunday school. The grounds were attractively decorated with overhanging Japanese lanterns and plenty of chairs were placed for the use of the guests, who numbered nearly 300. On the front lawn, a large canvas, tightly stretched, made an excellent dancing surface and that form of amusement, with a most engaging program of new and old-time dance music, ably played by Crawford's (formerly Salter's) orchestra, formed the main attraction of the evening. A pleasing program of vocal music, consisting of solos by Ella Wright and Mrs. Moore, and duets by Anna Browning and Mrs. H. A. Shupe and Carrie Adams and David Pickett also gave enjoyment. The financial as well as the social side of the affair was aided by the service of ice cream, cake and orange-ade on tables adjacent to the dancing surface. The party closed at midnight.

THEY WERE TO HAVE BEEN MARRIED

But for the fact that Judge W. H. Reeder held for investigation the colored couple arrested yesterday afternoon and charged with vagrancy, a marriage would have taken place today, according to the colored lady. The gentleman was not so certain, however, as he was short of money, but the woman declared that she could supply the funds. The names Frank Gray and Georgie Gray were given by the two at the station yesterday, but during the course of the trial this morning, when the woman was referred to as Gray's wife that lady snickered. "I ain't his wife. I'm only dorn' for him at his house. We was goin' to get married today." "Is that right? Are you to be married today?" asked the judge of the man. "I don't know about today, judge. You see, my mick's kin, a slack," said Gray, whose nickname is Champagne.

JOHNSON FUNERAL TRAIN IN WRECK

Norris, S. C., Aug. 9.—The special funeral train conveying the body of the late Senator Johnson from Washington to Birmingham, Ala., was wrecked near here today. No one was injured. The cars containing the congressional committee and the family party did not leave the tracks, but the locomotive and two mail coaches and the dining car were derailed and went into a ditch.

NO LIQUOR SOLD ON HERMITAGE GROUNDS

Editor Standard: It is seldom that I break into print, but your article of Wednesday signed "Leota S. Kennedy" is so manifestly unfair both to the Hermitage and myself that I ask space for reply.

So far as the allegation regarding liquor at the old saloon building is concerned, I have to say that the building referred to is called the Log Cabin, and there has been no liquor sold in it for three years. I gave the use of this building to the Eagles, the Carpenters' union, the Owls, the Mechanics' union and the Veteran Firemen, and these organizations brought their own refreshments as they had a right to do.

So far as July 24 is concerned, the Log Cabin was closed on that day. Regarding the incident of the young men on the car and the delay caused by the loss of a hat, I am informed by Superintendent Kline that the delay was not to exceed a half minute and the man who lost his hat did not get back on the car.

There is no liquor sold at the Hermitage grounds but many people who come to the resort bring liquors with them and this, I take it, is their right and privilege. It is generally admitted that the consumption of liquor at resorts in dry territory is greater than when liquors were sold under license, as people now take liquor with them and consume more than they would were it available by purchase, as before the liquor law went into effect.

So far as drinking at the Hermitage on the hill is concerned, that is confined to the members of the club which is operated under a state charter. (Signed) W. G. WILSON.

HAS THE BEST GARDEN OF CORN

Miss Ruth Craft, a student of the Quincy school, residing at 2555 Fowler avenue, is the center of attraction at the present time of those interested in school gardens for J. J. Andrews, professor of agriculture in the Ogden high school, declares that Miss Craft has grown the finest garden of corn that he has seen. The garden was admired by the civic committee ladies and others who inspected the school gardens recently. Whether Miss Craft is a natural corn grower because she is a native of Kansas is not known by the garden inspectors, but they do claim that the garden shows that much time and effort have been spent upon it.

D. & R. G. PASSENGER TRAIN IN WRECK

Monument, Colo., Aug. 9.—Denver & Rio Grande passenger train No. 12, northbound, collided head-on with a light engine three miles south of here at 10:30 o'clock this morning. The train carried Knights Templar en route to Denver for the convocation. Aside from a severe jolting, none of the passengers was hurt.
